INDIAN ECONOMY AT A GLANCE**POLICY WATCH**

- Government extends duty benefits for exports of certain dairy, agri products
- Telecom Commission approves net neutrality
- Karnataka signs MoU with Taiwanese science parks
- Government announces new model to finance infra projects in smart cities
- India and Korea expand trade pact

Government extends duty benefits for exports of certain dairy, agri products

Government has increased and extended duty benefits to certain agriculture and dairy sector items under the Merchandise Export from India Scheme (MEIS) to promote their exports. Items including skimmed milk, milk food for babies, whole milk, condensed milk, yoghurt, buttermilk, dairy spreads, butter oil, fresh cheese and casein would get MEIS export benefits at the rate of 10% till January next year. Also, MEIS rates were enhanced to nine agri products such as fresh onion, butter, ghee and processed cheese.

Telecom Commission approves net neutrality

Telecom Commission has approved net neutrality rules which bar service providers from discriminating against Internet content and services by blocking, throttling or granting them higher speed access. Some mission critical applications or services like remote surgery and autonomous cars will however be kept out of the purview of net neutrality framework.

Karnataka signs MoU with Taiwanese science parks

Karnataka Innovation and Technology Society (KITS) has signed a Memorandum of Understanding (MoU) with two Taiwanese Science Parks to strengthen links with the parks.

Agreement will be mutually beneficial to both Karnataka and Taiwan as it will enhance skill development, mutual industry facilitation and encourage startups and MSME.

Government announces new model to finance infra projects in smart cities

Government has announced a new **Cities Investment To Innovate, Integrate and Sustain (CITIIS) challenge to identify top** projects in 15 of the 100 selected smart cities, which will then receive an additional funding of approximately USD 11.7 million each. New funding will be financed by a USD 116 million loan from the L'Agence Française de Développement (AFD). Cities would be encouraged to develop projects in four particular sectors: sustainable mobility, public open spaces, urban governance & ICT, and social innovation in low-income settlements.

India and Korea expand trade pact

India and Korea have revised **Free Trade Agreement (FTA) called Comprehensive Economic Partnership Agreement (CEPA)**. India can now export greater amounts of shrimp, beer and processed foods at lower duties. Indian yoga instructors can also set up their schools in the East Asian country in exchange of Korean taekwondo teachers imparting training of the martial art. Indian nationals working in Korean firms will now get a work permit for three years instead of one year, as mandated earlier.

INDUSTRY WATCH

- **Industrial production grows at 3.2% in May**
- **India imposes anti-dumping duty on Chinese polyester yarn**
- **Home launches increase 40% in June quarter**
- **Mobile wallet transactions rise 16% in May**
- **Crude steel output rises 6%**

Industrial production grows at 3.2% in May

Industrial production grew at 3.2% in May compared to 2.9% in the same month last year. 13 out of 23 industry groups in the manufacturing sector have shown positive growth during May 2018 as compared to the corresponding month of the previous year. Output of mining, manufacturing and electricity sectors grew by 5.7%, 2.8% and 4.2% respectively in May 2018 compared to May 2017.

India imposes anti-dumping duty on Chinese polyester yarn

India has imposed anti-dumping duty of up to USD 528 per tonne for 5 years on a Chinese polyester yarn used in automobile and other industries. Move will provide a level playing field to

domestic players and guard them against below-cost imports. Duty imposed is in the range of USD 174-528 per tonne.

Home launches increase 40% in June quarter

Launches of residential units have gone up 40% in the second quarter of the current calendar year. Launches in National Capital Region (NCR) rose 25%, followed by Pune 28%, on a yearly basis, respectively. Kolkata has 47% regrowth in launches. Sales increased 24% in Q2 of 2018 on a quarterly basis. Home sales grew 32% in Bengaluru, 16% in Hyderabad and 5% in Kolkata.

Mobile wallet transactions rise 16% in May

Mobile wallet transactions rose in 16% growth to 326.02 million in volume and a 22% growth USD 2.08 billion in value in May against 279.29 million and USD 1.71 billion respectively in April. Prepaid Payment Instruments (PPI) comprising mobile wallets, PPI cards and paper vouchers grew 7% in volume to 350.74 million in June. Value of credit card payments was USD 6.92 billion in May against USD 6.59 billion in April.

Crude steel output rises 6%

Crude steel output grew 6% to 26 million tonne (mt) from 24.5 mt in the first quarter of the ongoing financial year. Output of hot metal increased 11% to 17.88 mt as compared to 16.10 mt during the year-ago period. Pig iron rose 5% to 2.58 mt from 2.45 mt.

CORPORATE HIGHLIGHTS

- Corteva launches hopper management solution
- IG international ties up with Camet Trading
- Jaiprakash Associates gets USD 416 million contract in Jammu and Kashmir
- Glenmark launches Akynzeo in India
- Essar commissions Vizag iron ore handling complex

Corteva launches hopper management solution

Corteva Agriscience, the agriculture division of Dow DuPont, has announced the launch of its sustainable hopper management solution for Indian agriculture under the brand Pexalon. It will help them address the longstanding challenge of damaging pests, especially the brown plant hoppers and white-backed plant hoppers.
